

Bayside Business Park
(Buildings 1 & 2)

LOCATION: Cleveland, Brisbane
CLIENT: Harridan

Buildings One & Two at Bayside Business Park benchmark the quality and vision for this integrated master planned commercial development. The buildings, accommodating a range of office, medical, fitness and retail facilities are designed over two levels with direct pedestrian access from the terraced customer car parking levels. Articulated built form complimented by a controlled pallet of materials and colours offers a distinctive development character which shall extend through the balance of the project.
